The VISTAS Organization

VISTAS is an organization of about 250 intellectually curious adults who put their love of learning to use by creating courses for like minded peers. It is participatory adult education at its best.

Specifically, VISTAS is a local, self-governing nonprofit group that arranges seminars, lectures, courses and social events prepared and led by volunteers. Members suggest topics and create courses on their own or by recruiting outside experts. Sessions are typically three hours long and courses can involve a single meeting or up to eight weekly meetings. The number of course attendees ranges from twelve to an unlimited number of participants.

Members secure the material resources necessary for informed lively classes. Fees are designed to cover costs. Currently a single event costs \$15 for members; a six-meeting course is \$50 for members, \$75 for non-members. Reduced fees are available.

The current course schedule and details of past courses and presenters are available on our up-to-date website: www.vistaslifelonglearning.org.

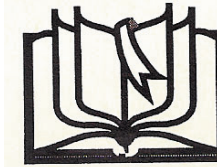

VISTAS Courses

Typically courses are based on readily available paperback books along with handouts for each session. Information for the following week's discussion is also provided. Courses are held at easily accessible locations throughout Santa Barbara. Ride sharing is encouraged and facilitated.
